imagining the figure of the fictional detective as an archetype in the study of modern culture the author argues that contemporary detective fiction can help us better comprehend fundamental shifts of the digital age in communication family entertainment society even the way we think as individuals the nature of the detective story itself models how we build and share knowledge drawing on concepts from literature and media studies the author reveals clues about modern phenomena like conspiracy theory groupthink and the nature of our digital identities

in earworm and event eldritch priest questions the nature of the imagination in contemporary culture through the phenomenon of the earworm those reveries that hijack our attention the shivers that run down our spines and the songs that stick in our heads through a series of meditations on music animal mentality abstraction and metaphor priest uses the earworm and the states of daydreaming mind wandering and delusion it can produce to outline how music is something that is felt as thought rather than listened to priest presents earworm and

event as a tête bêche two books bound together with each end meeting in the middle where earworm theorizes the entanglement of thought and feeling event performs it throughout priest conceptualizes the earworm as an event that offers insight into not only the way human brains process musical experiences but how abstractions and the imagination play key roles in the composition and expression of our contemporary social environments and more than human milieus unconventional and ambitious earworm and event offers new ways to interrogate the convergence of thought sound and affect
